

**Jan Grodek State University in Sanok
invites you to
XI International Scientific Conference
„On the border of cultures and nations.
History, culture, conflicts”
Sanok, September 14-16, 2023**

Ladies and Gentlemen,

We cordially invite you to 11th International Scientific Conference in the series "On the border of cultures and nations. History, culture, conflicts", which will be held in a hybrid form on September 14-16, 2023 at Jan Grodek State University in Sanok.

The aim of the organizers is to present the complexity of borderland issues understood not only in spatial and ethnic categories, but also as a meeting place for different communities, diverse not only socially, but also religiously and culturally, with their mutual influence on each other.

We invite researchers of various specialties from research centers nationwide and abroad to the meeting and scientific dialogue with a wide range of presentations of problems in the historical and contemporary dimension, in many aspects - sociological, economic, cultural, religious and educational.

We invite you to submit proposals for papers in the following thematic categories:

- Economic migrations (cross-border);
- National minorities in the borderlands: the sense of one's own identity and its relation to the identity of another national group;
- Ways of defining the identity of a group, community, individual in relation to the "other" and "own" - conflicts or tolerance;
- Socio-demographic dilemmas: fertility rate, aging of the population, proportions of socio-professional groups, borderland population in age groups, social welfare, level of education, rural-urban migration, issues of exclusion of people in terms of material status, health (disability), gender; state of health and medical care in the borderlands (in relation to central areas);
- Issues of education of national minorities in the borderlands;
- The educational dimension of migration;

- Multicultural society: social and cultural relations in the borderlands, at the meeting point of ethnicities , denominations, cultures, nations, diffusion of cultures in the borderlands;
- Changes in secular and religious, annual and family customs; "own" and "other" customs - persistence and change;
- Cultivating one's own (national or regional) cultural tradition and external influences;
- Denominations (religions), Churches and their relations on the borderlands; church structures in the borderlands;
- Sacred art on the borders: preservation of one's own artistic (stylistic) tradition and the influence of other ("foreign") artistic patterns;
- Artistic heritage on the border (troublesome, fragmented , pluralistic, common or categorized as different and foreign, heritage as a product); valorization - conservation and museum activities;
- "Own" and "foreign" artistic environment; artist (from) the borderland and contemporary forms of disseminating art on the borderland; artistic movement of national minorities, forms of cultivating one's own culture; borderland in cultural policy (state and local);
- Economic policy issues in border regions - economic dimension of cross-border relations; opportunities and barriers to the development of entrepreneurship in border areas; disproportions in the condition of (technical) infrastructure - borderland and other areas; regional and subregional development strategies;
- internal security on the border;
- Political orientations of the population on the borderlands; support for individual parties (electorates), durability and dynamics of change, trust in politicians; the state as "own" or distance?; other areas of political awareness;
- The value and protection of the natural and cultural landscape in the process of economic modernization of the borderland; natural resources and their protection or degradation under the slogan of development and economic and technical progress;
- Forest management - economic and exploitation aspect, and natural forest resources as a general social value.
